

Step 2: Make Sure You Are Considered for Cal Grants (GPA Verification)

VERIFY YOUR GPA: mygrantinfo.csac.ca.gov

PRIORITY FILING DEADLINE: October 1, 2022 to March 2, 2023

CHECKLIST FOR 2023-2024 CAL GRANTS

Successfully submit CA Dream Act Application by March 2, an important priority deadline for any state grants.

NOTE: Students attending community colleges can apply until September 2, 2023.

Be sure your GPA has been verified before March 2 (or September 2) at mygrantinfo.csac.ca.gov. Your high school or community college should have verified this information with the California Student Aid Commission. This is required to be considered for a Cal Grant. If not, print out the [Cal Grant GPA Verification Form](#) from CSAC and mail it with proof of mailing from the U.S. Post Office.

Always check your award status online at mygrantinfo.csac.ca.gov and ensure the school you are/will be attending.

Choose the college or university you plan to attend. Cal grants will only be shown at one school. You must "change schools" if the school you are/will be attending is not listed on mygrantinfo.csac.ca.gov.

Complete any necessary steps or paperwork to receive financial aid at your college or university.

Submit AB 540/SB 68 Non-Resident Tuition Exemption form, along with the final official transcripts or attendance records to prove eligibility and become classified as a student with AB 540/SB 68 status. To be eligible you must:

Have graduated or will graduate from a California high school, adult school, or community college.

Be able to meet AB 540/ SB 68 requirements. U visa holders or students with TPS must provide immigration documents to the admissions or registrar's department at your school.

Meet all other requirements at csac.ca.gov.

ADDITIONAL CHECKLIST FOR COMMUNITY COLLEGE STUDENTS

Cal Grant A will be placed on hold for two years if the student attends a community college.

NOTE: If you are/will be studying in a community college for more than 2 years, you must re-apply.
