35 ABOUT US
GETTING STARTED WITH SCHOLARSHIPS & FELLOWSHIPS

Scholarships and fellowships are excellent ways to pay for college tuition and other expenses. You might wonder, what’s the difference between scholarships and fellowships? Scholarships are generally funds for students attending educational institutions for the purpose of the study; they can be awarded based on financial need, grades, community service, major, class level, city or county of residence, and more. Fellowships are generally funds for students (or non-students) for the purpose of professional or career development; they can support a variety of things, including study in a specific field, research to advance work on a particular issue, development of a new community-based organization or initiative, training to support a fellow’s growth, opportunities to further explore a particular field of work, and more.

EXPAND ACCESS

Have you found other scholarships and fellowships that do require proof of citizenship or residency? Let scholarship and fellowship providers know that they are not required to ask applicants for proof of citizenship, residency, SSN, or work authorization. You can find out more information in Immigrants Rising’s Overview of Grants to Individuals.

CAUTION: Scholarship requirements and deadlines often change from year to year. Please double-check all information listed below with the scholarship directly. If you find any errors, please email us at communications@immigrantsrising.org so we can update the list.
